- Learning the Power Platform and developing projects for Map Ta Phut Tank Terminal (MTT) within SCGC
- Developed a nitrogen consumption record system, handling:
  - Gathering requirements
  - System design and development
  - Deployment and real usage
  - Data reporting and submission to customers

## SKILLS

- Terminal
- Figma
- Web design
- Mern stack
- Next.js
- React
- HTML/CSS/JavaScript
- SQL/NoSQL
- Power platform (low code)

## ACTIVITY

- Faculty Team
- Served as a key organizer for diverse departmental activities
- Served as a representative for securing event locations within the university.

## INTERESTS

- Fontend developer
- Full-stack developer
- Backend developer
- Data engineer

## LANGUAGES

- Thai (Native)
- English (Intermediate)
- Japanese (Beginning)
